WORK EXPERIENCE

UX/UI DESIGNER

17/02/2025 – Current

Viggo (Eindhoven Airport)

- **Redesigned** user-centered interfaces for mobile application
- Conducted user research, usability testing, and stakeholder interviews to **validate design decisions**.
- Created and maintained **design system** and style guides to ensure visual consistency.
- Worked closely with developers, product owners, and stakeholders to make sure designs were practical and matched **business goals**.

UX/UI DESIGN INTERNSHIP

02/09/2024 – 31/01/2025

Viggo (Eindhoven Airport)

- Supported the design of user-friendly interfaces for **mobile and web applications** with a focus on functionality, clarity, and visual appeal.
- Created wireframes, user flows, and interactive prototypes
- Participated in design reviews and collaborated with developers and stakeholders to **implement feedback** and align with project goals.
- Gained hands-on experience in UX methodologies, responsive design, and working in an **agile** environment.

LOGISTICS HANDLER

16/03/2024 – 15/02/2025

Prodrive Technologies

- Packed and prepared client orders efficiently and accurately in a **fast-paced** warehouse environment.
- Part-time job to support my studies.

WEB DEVELOPER

01/06/2022 – 01/08/2022

Markov Electric OOD

- Designed and developed a fully functional e-commerce website for a startup specializing in floor heating, canalization components, and related products.
- Implemented product catalog, shopping cart, and responsive design to ensure **usability across devices**.
- Captured and edited high-quality product photos for use on the website to enhance user engagement and **visual consistency**.
- Structured product categories and descriptions to improve navigation and performance.
- Collaborated closely with the startup founder to align the website with branding, business goals, and customer needs.
